2023-2024 Community Impact Report

The number of first time users of food and basic needs supports grew by 21% in 2023-2024.

MEETING THE CHALLENGES OF TOMORROW

Board Leadership

I want to express gratitude and my thanks for your services. I am dependent on the bus and for the last two months I have been going to the food bank because I have some financial stress right now. I am most appreciative for these services and the staff at both treat me with dignity and respect that is most welcome when you are beaten up and down on your luck.

Land Acknowledgment

Caledon Community Services (CCS) acknowledges that the land we serve is situated on lands that are home to many Indigenous Peoples from across Turtle Island (North America). CCS seeks to understand the true story of this land and the rich history of its Indigenous Peoples.

We recognize this land is part of the Treaty Lands and Territory of the Mississaugas of the Credit First Nation and part of the Traditional Territory of the Huron-Wendat, Haudenosaunee Peoples, and the Anishnabek of the Williams Treaties. We acknowledge their presence before us and the deep traditional knowledge and perspectives of the Indigenous Peoples with whom we share this land today.

Message from Board Chair and CEO

It has been our pleasure to serve the Caledon community as the Chair of the Board of Directors and the new CEO of Caledon Community Services (CCS). We are proud to be a part of this organization that strives to improve quality of life by supporting people in reaching their fullest potential. Our Impact Report for 2023-2024 is an opportunity to highlight several key initiatives, celebrate accomplishments and share the positive impact CCS creates in Caledon.

A leadership change with a new CEO appointed in June 2023 and the development of our 2024-2027 Strategic Plan are significant events that signal a new chapter for CCS. The threatened dissolution of the Region of Peel, although cancelled, continues to have a significant impact, making the ripple effect impossible to ignore. Facing identified challenges has sparked conversations that will have a lasting impact because they highlight the significant contribution of the not-for-profit sector. One thing is clear, our work matters more now than ever before.

In building our strategic plan, 180 individuals were consulted, contributing to the strength and relevance of our pillars, and we're grateful for their willingness to engage and share insight into community needs in this time of growth and change.

CCS remains committed to our refreshed **Vision** of a healthy and engaged community and to our modernized **Mission** of advancing community well-being by working creatively and responding to community needs.

Over the next three years our **Strategic Plan** is anchored on three pillars. We know with certainty that **operational and service excellence** must be the bedrock of our work. Double digit increases in community needs have impacted most of the areas we serve and this increase in demand is expected to continue to grow. A commitment to enhancing client services and accessibility to those services depends on innovation. **Partnerships, growth and sustainability** are critical compass points on the journey ahead. Annually, CCS must fundraise approximately \$1M to keep pace with the growing demands for services in our community. The projected growth in Caledon means we are on the cusp of significant changes. **Advocacy and equitable opportunities** mean that we will champion issues that impact the work we do. These are our commitments to the community and those we serve.

Good things happen when we work together with you. To our friends, loyal supporters, funders, partners, clients and amazing volunteers and staff - we celebrate and recognize your significant contribution and passion for

supporting Caledon and our neighbours in need. In big ways and in small, life is so much better in Caledon because of you and your unique contributions.

Thank you for trusting CCS and for believing in our Vision, Mission, Values and the work we do. We look forward to serving you and embracing the opportunities and challenges that come with an ever-changing landscape in the year ahead.

Wanda Buote, Board Chair Geraldine Aguiar, CCS CEO

Core Funders

Charlotte Chummar, a typical 8-year-old living in Caledon – goes to school, makes plans with her friends, and enjoys a comfortable home surrounded by her loving family. She never had to give much thought to things she needs, like winter boots, warm mittens, or school supplies, and she's never had to do without. Then one afternoon, when Charlotte's Dad was opening the mail, a picture of a boy about her age caught her eye - it was a picture of Marco on a letter from Caledon Community Services (CCS).

The letter talked about Kidz in Caledon, outlining the very real hardships some children in Caledon face. Charlotte was startled to realize not every kid was like her. It made Charlotte sad to think that someone in her class might be hungry or unable to participate in things because of their circumstances at home. As she discussed this reality further with her Mom and Dad, she learned more about poverty and homelessness. She decided that she had to do something.

Charlotte wanted to help kids like Marco. She was determined. Her decision? She would raise money by baking cookies. Out came the cookie sheets, the recipe and the baking ingredients, and she and her mom

got to work. Charlotte planned to sell them for \$.25 for each cookie at her family's upcoming Halloween gathering. She took responsibility for all of the details, planning and signage-making and inevitably inspired her family along the way. When her cousin Natasha arrived for the party, little did she know she'd quickly get into the spirit of selling cookies too. A quarter a cookie added up quickly, and the enthusiasm multiplied donations. With Mom and Dad rounding out the final total, Charlotte's fundraiser raised \$250 to directly help children in need by purchasing school supplies, healthy meals and snacks. Charlotte felt empowered and realized that even as a kid herself, she could make a difference.

Charlotte's parents watched proudly. Philanthropy was important to them and the idea that local families were struggling came as a surprise. They reflected on how life in the suburbs can get so busy - work, bills, food, sleep and repeat. Children like Charlotte give us a moment to pause and remind us of things we tend to overlook. It's important to be grateful for what you have and to raise children to show kindness and compassion to others.

Charlotte's family love living in Caledon

and thanks to her initiative, they now feel better connected to the community than ever before. That same year the entire family registered for and took part in a family day at the Exchange. They felt inspired by their daughter's fundraiser and continue to lead by example, making charity a regular topic of discussion in their home. The entire family is thankful for the work CCS is doing to spread the word and mobilize the community. Charlotte's cookie fundraiser is a reminder that every little bit helps.

If you're reading this, you are part of our story!

Independent Auditor's Report

To the board of directors of Caledon Community Services

Qualified Opinion

We have audited the financial statements of Caledon Community Services (the organization), which comprise the statement of financial position as at March 31, 2024, the statements of operations and changes in net assets and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, except for the possible effects of the matter described in the *Basis for Qualified Opinion* section of our report, the accompanying financial statements present fairly, in all material respects, the financial position of the organization as at March 31, 2024, and its results of operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

Basis for Qualified Opinion

In common with many charitable organizations, the organization derives revenue from fundraising, the completeness of which is not susceptible to satisfactory audit verification. Accordingly, verification of these revenues was limited to the amounts recorded in the records of the organization. Therefore, we were not able to determine whether any adjustments might be necessary to fundraising revenue, excess of revenues over expenses and cash flows from operations for the year ended March 31, 2024 and 2023, current assets as at March 31, 2024 and 2023 and net assets as at April 1 and March 31 for both the 2024 and 2023 years. Our audit opinion on the financial statements for the year ended March 31, 2023 was modified accordingly because of the possible effects of this limitation in scope.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the organization in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter — Restated Comparative Information

We draw attention to Note 2 to the financial statements, which explains that certain comparative information presented for the year ended March 31, 2023 has been restated. Our opinion is not modified in respect of this matter.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the organization's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the organization or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the organization's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the organization's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the organization's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the organization to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

March 31, 2024

1. Significant Accounting Policies

Nature and Purpose of Organization

Caledon Community Services (the "organization") is a non-profit organization incorporated without share capital under the Canada Corporations Act. The organization is a multi-service community-impact organization that addresses the health, employment, business development, transportation, resettlement and social service needs of individuals and families in the Town of Caledon and surrounding communities.

The organization is a registered charity and, as such, is exempt from income tax and may issue income tax receipts to donors.

Basis of Accounting

The financial statements have been prepared using Canadian accounting standards for not-for-profit organizations.

Financial Instruments

Financial Instruments are recorded at fair value at initial recognition.

In subsequent periods, equities traded in an active market and derivatives are reported at fair value, with any change in fair value reported in income. All other financial instruments are reported at cost or amortized cost less impairment. Transaction costs on the acquisition, sale or issue of financial instruments are expensed for those items measured at fair value and charged to the financial instrument for those measured at amortized cost.

Financial assets are tested for impairment when indicators of impairment exist. When a significant change in the expected timing or amount of the future cash flows of the financial asset is identified, the carrying amount of the financial asset is reduced and the amount of the write-down is recognized in net income. A previously recognized impairment loss may be reversed to the extent of the improvement, provided it is not greater than the amount that would have been reported at the date of the reversal had the impairment not been recognized previously, and the amount of the reversal is recognized in net income.

March 31, 2024

1. Significant Accounting Policies (continued)

Capital Assets

Purchased capital assets are stated at cost less accumulated amortization. Contributed capital assets are recorded at fair value at the date of contribution and are amortized, unless fair value is not determinable in which case contributed capital assets are recorded at nominal value at the date of contribution. Expenditures for repairs and maintenance are expensed as incurred. Betterments that extend the useful life of the tangible capital asset are capitalized.

Amortization based on the estimated useful life of the asset is calculated as follows:

	Method	Rate
Computer equipment and		
software	Straight-line	3 years
Furniture and equipment	Straight-line	5 years
Vehicles	Straight-line	5 years
Leasehold improvements	Straight-line	Lease term

Deferred Capital Contributions Relating to Capital Assets

Restricted donations and grants relating to the acquisition of capital assets are deferred and amortized over the life of the related assets.

Deferred Lease Inducements

Deferred lease inducements represent the value of rent-free periods received. Lease inducements are deferred and amortized on a straight-line basis over the term of the lease and the amortization is recorded as a reduction in occupancy costs expense for the year.

March 31, 2024

1. Significant Accounting Policies (continued)

Revenue Recognition

The organization follows the deferral method of accounting for contributions, which includes grants, donations and fundraising.

Restricted contributions are recognized as revenue in the year in which the related expenses are incurred. Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

Revenue is recorded for retail store sales upon the purchase of merchandise by customers.

Revenue in investments is recognized as revenue when earned.

Food and other-in-kind donations are recognized when delivered to the organization. The food is valued at the average annual price per pound established by the Canadian Association of Food Banks of \$3.21 per pound. In 2024, management estimates approximately 254,363 pounds of food at \$3.21 per pound were recovered and delivered to the community (2023 - 23,148 pounds of food at \$2.60 per pound and 142,830 pounds of food at \$3.21 per pound).

Contributed Materials

a) Evolve - Inventory

The organization receives contributions of goods and material (inventory) and processes these contributions as merchandise available for sale in its community stores. The organization believes that the inventory of contributed goods and materials does not possess an attribute that is easily measurable or verifiable with sufficient reliability to determine an inventory value at this time of donation. Accordingly, they have not been recognized in the financial statements.

b) Care and Counselling Program - Food, Materials and Services

The organization receives significant donations of food, toys and other items from the community that are distributed through its Care and Counselling Program. The organization records donated goods and services in those cases where there is a measurable basis for arriving at fair value.

Contributed Services

Volunteers contribute many hours per year to assist the organization in carrying out its activities. Due to the difficulty of determining their fair value, contributed services are not recognized in the financial statements.

March 31, 2024

2. Prior Period Adjustment

During the current year, the organization determined that the following adjustment was required in the March 31, 2023 financial statements.

There was an understatement of accumulated amortization and amortization, and an overstatement of net assets at March 31, 2023 due to a leasehold improvement not being amortized from April 2020 to March 2023.

The result of this correction to the prior year is as follows:

	 2023
Increase in accumulated amortization	\$ 289,372
Increase in amortization	\$ 96,453
Decrease in excess of revenues over expenses	\$ (96,453)
Increase (decrease) in net assets, beginning of year	\$ (192,919)
Increase (decrease) in net assets, end of year	\$ (289,372)

March 31, 2024

5. Long-Term Investments (continued)

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The organization is exposed to interest rate risk on its fixed rate financial instruments. Fixed-interest instruments subject the organization to a fair value risk.

The organization is exposed to changes in interest rates related to its investments in marketable securities. The organization's primary objective is to ensure the security of principal amounts invested and provide for a high degree of liquidity, while achieving a satisfactory return. Treasury risk management policies specify various investment parameters including eligible types of investment, maximum maturity dates, maximum exposure by counterparties and maximum credit ratings.

The organization mitigates interest rate risk on investments by diversifying the durations of the fixed-income investments that are held at a given time.

There have not been any changes in the risk from the prior year.

Other Price Risk

Other price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. The organization is exposed to other price risk through its investments in quoted shares and mutual funds.

March 31, 2024

6. Accounts Payable and Accrued Liabilities

	 2024	2023
Trade accounts payable Accrued liabilities	\$ 424,234 32,198	\$ 503,638 36,958
Wages payable Vacation accrual	104,419 206,490	74,495 194,132
Government remittances payable	27,377	26,378
Program funding payable	 1,703,686	1,591,000
	\$ 2,498,404	\$ 2,426,601

Liquidity risk is the risk that the organization will encounter difficulty in meeting its obligations associated with financial liabilities. Liquidity risk includes the risk that, as a result of operational liquidity requirements, the organization will not have sufficient funds to settle a transaction on the due date; will be forced to sell financial assets at a value, which is less than what they are worth; or may be unable to settle or recover a financial asset. The organization is exposed to this risk mainly in respect of its accounts payable and accrued liabilities.

The organization's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient cash flows to fund its operations and to meet its liabilities when due, under both normal and stressed conditions. The organization maintains a portion of its invested assets in liquid securities.

There have not been any changes in the risk from the prior year.

7. Deferred Contributions

Deferred contributions represent resources received during the year for which expenses have not yet been incurred. Changes in the deferred contributions balance are as follows:

	 2024	2023
Balance, beginning of year Add: amounts received during the year Less: amounts recognized as revenue in the year	323,917 1,961,912 2,111,472)	\$ 285,014 2,510,153 (2,471,250)
Balance, end of year	\$ 174,357	\$ 323,917

March 31, 2024

8. Deferred Contributions Relating to Capital Assets

Deferred contributions relating to capital assets represent the unamortized portion of restricted contributions with which the organization's capital assets were originally purchased.

The changes for the year in the deferred capital contributions balance reported are as follows:

		2024	2023
Balance, beginning of the year Add: Contributions received during the year	\$	581,250 \$	749,109
Central West LHIN Other Less: amounts amortized to revenue		134,661 - (164,057)	110,065 8,698 (286,622)
Balance, end of year	_	551,854 \$	581,250
batance, end of year	<u>ب</u>	JJ1,0J T 7	301,230

Amortization of deferred capital contributions is comprised of the following:

	 2024	2023
Provincial Government:		
Central West LHIN (Note 11)	\$ 97,164 \$	205,658
Ministry of Transportation (Note 11)	26,470	29,007

Other (Note 15)	 5,764	12,273
	\$ 164,057 \$	286,622

15

March 31, 2024

Deferred Lease Inducements

Deferred lease inducements are created when a landlord provides for leasehold improvement allowances and collects lower monthly rental amounts in the early period of a lease term as part of the lease agreement. The organization records these allowances as an obligation and amortizes the amount to occupancy costs on the statement of operations on a straight-line basis over the term of the lease.

	2024	2023
Balance, beginning of year Less: Amortization to occupancy costs expense	\$ 22,442 \$ (12,841)	35,284 (12,842)
	\$ 9,601 \$	22,442

10. Internally Restricted Funds

During the 2021 fiscal year, the organization's Board of Directors approved the transfer of \$75,000 to establish the Employee Training and Development Fund to fund certain training and development initiatives. This balance can only be utilized to cover training and development costs as approved by the Board of Directors.

During the 2024 fiscal year, this fund incurred expenses of \$nil (2023 - \$15,130). The balance of the fund as of March 31, 2024 was \$52,646 (2023 - \$52,646).

March 31, 2024

21. Commitments, Contingencies and Guarantees

a) The Organization occupies vehicle and leased premises for its head office, retail stores, the Transitional Care Centre, the Exchange and the Caledon Specialist Clinic under various operating leases expiring at dates up to March 2029. The organization's total obligations for the next five years, under various operating leases for occupied premises, exclusive of realty taxes and other occupancy charges, are as follows:

2025	\$ 389,791
2026	323,705
2027	216,183
2028	82,841
2029	 42,490
	 1,055,010

- b) In the normal course of business, the organization enters into agreements meeting the definition of a guarantee. The organization's primary guarantees subject to disclosure requirements are as follows:
 - i) Indemnity has been provided to all directors and/or officers of the organization for various items including but not limited to, all costs to settle suits or actions due to association with the organization, subject to certain restrictions. The organization has purchased directors' and officers' liability insurance to mitigate the cost of any potential future suits or actions. The term of the indemnification is not explicitly defined, but is limited to the period over which the indemnified party served as a trustee, director or officer of the organization. The maximum amount of any potential future payment cannot be reasonably estimated.
 - ii) In the normal course of business, the organization has entered into agreements including indemnities in favour of third parties, such as purchase and sale agreements, confidentiality agreements, engagement letters with advisors and consultants, outsourcing agreements, leasing contracts, information technology agreements and service agreements. These indemnification agreements may require the organization to compensate counterparties for losses incurred by the counterparties as a result of breaches in representation and regulations or as a result of litigation claims or statutory sanctions that may be suffered by the counterparty as a consequence of the transaction. The terms of these indemnities are not explicitly defined and the maximum amount of any potential reimbursements cannot be estimated.

The nature of these indemnification agreements prevents the organization from making a reasonable estimate of the maximum exposure due to the difficulties in assessing the amount of liability which stems from the unpredictability of future events and the unlimited coverage offered to counterparties. Historically, the organization has not made any significant payments under such or similar indemnification agreements and, therefore, no amount has been accrued in the statement of financial position with respect to these agreements.

March 31, 2024

22. Financial Instruments

Credit risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The organization is exposed to credit risk resulting from the possibility that a customer or counterparty to a financial instrument defaults on their financial obligations; if there is a concentration of transactions carried out with the same counterparty; or of financial obligations which have similar economic characteristics such that they could be similarly affected by changes in economic conditions. The organization's financial instruments that are exposed to concentrations of credit risk relate primarily to its accounts receivable. The majority of the organization's receivables are from government sources and the organization works to ensure it meets all eligibility criteria in order to qualify to receive the funding.

There have not been any changes in the risk from the prior year.
